—Cotton is worth only 63 to 67.

There was but one bale on the market Friday.

—Mr. and Mrs. Thos. G. Cameron, near Simpson, lost an infant on Monday morning.

—County Commissioner Leitner has a lame horse which prevented his making his rounds.

—We are glad to learn that Mr. E. J. Stewart is recovering very fast from his wound.

—Julius Emanuel was on the streets Tuesday. His skull only had a hole in it about the size of a hen egg.

—Doty & Co. have their stable up and ready for the roof. We hope the fire wind will let them alone in future.

—Reckling's photos always give satisfaction.

—Read the "ad." of T. H. Ketchin & Co. in this issue. The Sheriff will call in those old hats soon. Prepare yourself before he takes you in.

—If you want to see something new and nice in gloria and china silks, come to see us.

Q. D. WILLIFORD, Manager.

—Old Mrs. Brown, colored, fell on the streets and laid unconscious for some time on Tuesday. Policeman Gilbert found him and had him sent home.

—The Auditor will receive returns yet. If unfavorable circumstances have prevented you to this time, it is not unlikely that the penalty may not attach.

—The County Commissioners will meet on the 24th. Bids will be examined for the building of a bridge over Savney's Creek on that day, along with other matters.

—Deputy McDowell caught William Bush on Monday night. He was wanted for robbing the Pullman cars. He ran Monday evening when the deputy got in sight.

—The Board of Equalization met on Tuesday. Nothing but routine business was transacted. There was only two changes made in the returns of Township No. 14; these two were raised.

—The Bank of Chester has failed. J. J. McLaughlin was president and David Hemphill, Cashier. Jno. J. Hemphill and J. L. Glenn are the assignees. It is not thought that depositors will lose anything.

—Capt. J. K. Alston made a very creditable run for Mayor of Columbia. Fifteen votes more would have put him in the second race. Could it have been so we would have felt quite confident of his success, for a man always knows the track better after the first trial.

—J. L. Minnaugh is out in a new "ad." this morning. He is advertising French goods, Irish goods and all sorts of goods. He claims that an assassination has been committed in his store, and that there is a fire going on, as he says it's all ablaze. Go help move some of the stock of goods.

—We are sorry to learn that Mr. W. C. Beatty lost his fine gray horse. It is peculiarly sad, as he died away from home and friends. We would suggest that Mr. Beatty make his court clerk borrow Mr. Creight's ox in future. Fortunately the horse died near a railroad station, or the young man would have had to walk home.

—On Wednesday night we had a terrific thunder storm. The lightning seemed to strike near every man in town, for next morning every man we met, said it must have hit near him. We jumped thinking it was right at us. This report came from different men living over a mile apart. The rain was none too heavy and did good.

—On Wednesday, Col. Davis, Col. Preston Davis and John Davis were before Trial Justice Cathcart on a warrant issued by Alex. Davis, charging assault with intent to kill. Alex. Davis had been tried before Justice Blair for setting fire to a house of one of the defendants and he now indicates that as above. The case was continued until April. Better stay at home and go to work, all of you.

—We met Mr. W. J. Keller in town a few days ago, and he and our School Commissioner are both very anxious to get up our educational column. We have a piece in today's issue headed, "Obey First and Thereby Learn to Rule." This is intended for our educational column, written especially for it, and we commend it to the careful perusal of all the teachers and school trustees.

—We publish in this issue a letter from North Carolina by Mr. John Dooley who lived in Winnsboro in the year 1871. Mr. Dooley has been a constant reader of THE NEWS AND HERALD and is quite familiar with the manner and customs of the farmers of both States and shows the contrast in his letter. It is of special interest to those contemplating the tobacco culture. We greatly appreciate his correspondence and hope to hear more of Old Rip Van Winkle from him.

T. F. Anthony, Ex-Postmaster of Promise City, Iowa, says: "I bought one bottle of 'Mystic Cure' for Rheumatism and two doses of it did me more good than all the medicine I ever took." Sold by W. E. Aiken, Druggist, Winnsboro.

Highest of all in Leavening Power.—Latest U. S. Gov't Report.

DOING FINELY.—At the semi-annual examination of the South Carolina Military Academy, Cadet R. H. McMaster stood 8 in a class of 52, and F. E. Hinman stood 23 in same class. Both Boro boys doing very well.

A NEW ENTERPRISE.—The Fairfield Granite Company was chartered last week by T. W. Woodward, A. E. Davis, J. B. Fraser and others. The quarry will be operated near Blair, and the rock is said to be very fine. We wish them success.

WENT TO WASHINGTON.—Mr. J. E. McDonald has gone to Washington to press some claims against the United States Government for Mt. Zion College. Mr. O. W. Buchanan, the Attorney General, is associated with Mr. McDonald in this matter.

NO DISPENSARY FOR YOU, BOYS.—The matter of a dispensary to be established at Blair, in this county, was referred to the State board of control. They have decided against it, as the place is not incorporated, and Strother would come under the same decision.

A FAIRFIELD BOY A LONG WAY FROM HOME.—We received a letter from Mr. Ed. E. Mackorell, written from Ingersoll, Texas, asking for THE NEWS AND HERALD to be sent him at that place. The boys always like to get THE HERALD when they are away from home and loved ones. It reads almost like a letter from home, don't it, Ed? We wish you well in your new home.

AT HOME.—Mr. D. A. Crawford will now realize, as he never has before, what home means. He is in his own place now. The white house, white outbuildings, fences and the like give the place a homelike appearance at quite a distance off. Mr. Crawford put his house a long distance from the road, as he must have had tramps in view. We wish we only had them in view. We have them in the front porch, at the back door and all round, much to our annoyance.

—W. A. Reckling, Columbia's excellent artist, will give the people of Fairfield a rare opportunity April 4, 5, 6 and 7.

ORGANIZATION COMPLETED.—The Home Savings Association has perfected its organization by the election of the following board of directors: J. P. Caldwell, President; R. Y. Turner, Vice-President; Murray Robinson, Secretary; A. B. Cathcart, J. M. Simpson, C. K. Douglass, Hugh S. Wylie, R. B. Hanahan, Directors. The Board of Directors have elected J. Q. Davis, Treasurer, and W. D. Douglass, Solicitor. The first installment has been paid, and the Association has got its charter and gone to work.

DR. D. M. PROVENCE.—Doctor Providence called to see us on Thursday, and we were glad to see him looking well. He has just returned from the Marine Station at Wilmington, N. C., where he was relieved by Dr. W. D. Bratton. Dr. Providence will give up the marine service, as it does not suit his general health to obey Uncle Sam's orders at all times. The Northern climate where he has been in the past, does not suit his Southern blood. He will pursue a special practice in future. We wish him success.

JOHNSON'S ORIENTAL SOAP is far superior to all the other so-called medicinal soaps for beautifying the complexion. Winnsboro Drug Store.

A. D. 1751.—We have before us a grant from George II to John Fraser of 150 acres of land on Broad River, or near Broad River. This is a title belonging to Dr. John Wallace, which was in Court five or six years ago. In reply to a question about his title to the property, at that time of Court, Dr. Wallace said "it is the completest chain of title in existence. I got it from Chappell, Chappell got it from Fraser, Fraser got it from George II, and he stole it from the Indians." The grant is printed on genuine sheep skin.

SOMEbody IS GOING TO LOSE A WHITE BOY.—It makes one shudder to see such recklessness displayed by not only negroes, but by white boys also at the passenger depot. They run along with the freight train, grab the iron ladder and make an effort to place one foot against the box in which the axles turn; sometimes they make an awkward slip and you feel a keen, nervous pain run all through you. We have two monuments to this foolhardiness now. Peg-leg and Means, the barber, and if something is not done to prevent such risks as are daily taken, somebody will have a corpse brought home to them. The favorite time for such pranks is about dusk or later. We see three or four instances every week. Parents, and those interested, had better make inquiry and keep a lookout.

S. H. Clifford, New Cassel, Wis., was troubled with Rheumatism and Rheumatism his stomach was disordered, his liver was affected to an alarming degree, appetite fell away, and he was terribly reduced in flesh and strength. Three bottles of Electric Bitters cured him. Harrisburg, Ill., had a running sore on his leg of eight years standing. Used three bottles of Electric Bitters and seven boxes of Bucklen's Arnica Salve, and his leg is sound and well. John Speaker, Catawba, O., had five large Fever sores on his leg, doctors said he was incurable. One bottle Electric Bitters and one box Bucklen's Arnica Salve cured him entirely. Sold by McMaster & Co.

THE COLUMBIA MAYOR'S RACE. The result of the race in Columbia for Mayor is as follows: Sloan 459, Fisher 341, Alston 327, McMaster 178, Desportes 169. This leaves Sloan and Fisher in the second primary.

Mrs. Mary Yarbrough. We were misinformed as to the age of Mrs. Mary Yarbrough. She was not quite ninety years old as we heard but was about eighty-eight years and ten months old at the time of her death. She was a consistent member of the Baptist Church; had joined in her childhood. She was a sister of the late Robt. Hawthorn, and is the last member of a family of Revolutionary fame. Her father was Adam Hawthorn. She represented one of four generations at a dinner at Mr. Lupo's some months ago, but her generation has passed away with her.

THOS. W. RABB. News was received here on Saturday of the death of Mr. Thos. W. Rabb. Mr. Rabb died in Corsicana, Texas, four or five days ago. He was a native of Fairfield county and lived in Winnsboro for quite a number of years after the war. He was a brother of the late Glazier Rabb. He leaves a wife and two children, Mr. Ed. Rabb and Mrs. W. L. Rabb, all of whom have moved out West.

MARRIAGES AROUND RIDGEWAY. Married at the residence of the bride's mother on the evening of March 8th, 1894, by Rev. W. H. Hartin, Miss Rebecca Simpson to Mr. James Robinson, both of Fairfield, S. C. On the evening of March 8th, 1894, by Rev. G. W. Smith, Miss M. E. Harmon, of Weisner, N. C., to Mr. G. H. Rhine, of Ridgeway, S. C.

SHILOH'S CURE is sold on a guarantee. It cures Incipient Consumption. It is the best Cough Cure. Only one cent a dose. 25 cts. 50 cts., and \$1.00. For sale at the Winnsboro Drug Store.

THEIR MONEY'S WORTH. The musical, conducted by the ladies of the Presbyterian Church, was held on Thursday night at the residence of Prof. Withrow. The exercises opened with music by Messrs. J. A. Gladden, C. M. Chandler, and Miss Maggie Gladden, and followed with music on the piano by Mrs. D. V. Walker.

Rev. Jabez Ferris read several fine selections, commanding the closest attention throughout. A duet then followed by Sarah and Lizzie Baty, two sisters, and was admirably executed.

Mrs. W. H. Fleppien rendered an instrumental piece at the piano, which was followed by a reading by Mr. W. J. Elliott.

Miss Sissie Ketchin sang, accompanied by Miss Ella Doty at the piano. Mr. S. D. Dunn then read a very humorous piece, so much so that many of his former pupils in the hall could not believe that it was he. He beat THE NEWS AND HERALD men so far that we very properly tender him our place next time. Yes, he "can take our go." Call on him again.

Mrs. Walker rendered another instrumental piece and was followed by the trio, Messrs. Gladden, Chandler, and Miss Gladden.

The music was fine throughout, each and every performer did exceedingly well, and upon the whole it was truly a very successful entertainment. We advise all to patronize their meetings, the social feature being one prominent, and the purpose a good one.

MRS. MARTHA S. McDOWELL. Mrs. Martha S. McDowell breathed her last at the residence of her son-in-law, Mr. S. S. Gibson, on Friday night about 9:45. She had been in bad health for several years, but was worse for the last few months. She was only confined to bed for about two weeks. Mrs. McDowell was the widow of Samuel M. McDowell, who died in Richmond. She leaves three sons and one daughter, viz. D. E. S. C., and S. R. McDowell, and Mrs. S. S. Gibson; also three brothers and three sisters, viz. S. W. Ruff, D. G. Ruff, and W. H. Ruff, with Mrs. M. L. Simms, Mrs. G. P. Hoffman and Mrs. N. J. DuBard, will mourn her loss.

The deceased was born in Fairfield County, where she spent her whole life, and was about sixty-five years old at the time of her death. Early in life she connected herself with the Methodist Church, of which she was a consistent and loyal member.

Mrs. McDowell possessed those traits of character which are only manifested by a real, earnest, Christian heart. Her walk and conversation were only the riches of the children of God. She left a rich legacy to her children and family in the conduct of her past life and passed to the rest prepared for the redeemed without a murmur or a struggle. Their loss is her eternal gain. Sorrow not, for her trials are over and she wears a crown of righteousness.

Her remains were laid at rest in the Methodist grave-yard at 10 o'clock, on Sunday morning, the following gentlemen acting as pall-bearers: G. M. Jordan, J. N. Center, A. W. Brown, T. K. Elliott, C. M. Chandler, and J. P. Caldwell. The funeral sermon was preached by the pastor, Rev. W. S. Stokes.

KARL'S CLOVER ROOT, the great Blood Purifier, gives freshness and clearness to the Complexion, and cures Constipation, 25c., 50c. For sale at the Winnsboro Drug Store.

IF YOU HAVE A RHEUMATISM, you will find it in nothing else so general as in Electric Bitters. It will cure you, and give a good appetite. Sold by all dealers in medicine.

TO MESSRS. HALL, BARBER & CO. WHITE OAK ACORNS. WHITE OAK, S. C., March 15.—We have been having some fine weather for the farm advancement, but it was knocked up last night by the rain for a few days. Now is a pushing time with all of our farmers; they are making every effort to get their soil turned up. I think our farmers are buying more corn this year than gnano. There has been several carloads shipped here since January.

We were indeed glad to learn that Dr. W. F. Mitchell, who left us this year, is much pleased with his new home. Mrs. Mitchell, who has been visiting relatives here, has returned home. Mr. Jno. R. Patrick has gone to York County to spend a few days. Miss Maggie Hamilton has gone to visit friends in the Wateree section. The family of Mr. J. B. Patrick. Lookout for marriages soon!

NEWS FROM CLEMSON COLLEGE. Dissatisfied State.—Arrival of the Guns. Sickness Among the Cadets. Messrs. Editor: Our number nearly reaches six hundred, and in a few days no more students will be allowed to enter. The boys of Fairfield must avail themselves of this opportunity and come at once, or they will be singing the song, "Just too Late." Students come to college who seem to have no other object than to take a view of the surroundings, to see if they are pleased with the work, the meals, recitations, etc., and if not satisfied leave for home and run down the college. President Craighead says he "wants no students to come for the purpose of seeing into everything, and then leaving." If you come you will have to pay for a month's board whether you stay or not; so don't come with the expectation of leaving when you feel so disposed. A few of our number have left us and a good many more feel like going—if they only could.

We have at present eleven cases of sickness, mostly pneumonia, a few cases of fever (not serious), and one or two of mumps. One of our number, Dukes, from Orangeburg, has been lying at the point of death for some time with hemorrhagic fever, but is better today. We hope he will recover.

We are sorry to state that Mr. Welch, professor of physics, and his wife have been confined to their home with pneumonia for nearly two weeks. Prof. Welch is still ill and will not be able to take charge of his classes for some time. One of his children, who has been at the point of death, is now glad to say, able to be out again.

The long looked-for guns have come at last, but have not been distributed among the cadets yet, as we have so many "rats" to put through the field movements; although they are not field "rats".

Work on the horticultural grounds will be commenced today. For the past few days we have been uncovering the strawberry plants, the fig trees, and taking a few lessons in artificial camp digging—a new study in agriculture.

Prof. McGee is well liked so far, and we hope he will fill the position, as far as possible, of Col. Newman; but he did not bring with him two daughters to fill the other vacancy. I think he has his "cap" set for a young lady.

The base ball team has accepted a challenge from the P. M. I. team, of Anderson, to play a game here on the 23rd inst. You are cordially invited to be present and witness the swiftest of the bat; the pick and shovel will be sure to bring enough money for a month's board, and don't get dissatisfied too early.

OUR CLEMSON LETTER. Death of a Cadet at Clemson College.—A Touching Debate. Mr. Editor: Again it is our sad duty to chronicle the death of one of our number. Cadet J. W. Dukes arriving here on Friday, February 16, and was taken ill the following Monday, from which time he has been confined to his bed at the hospital, with malarial fever, of which he died this morning at 7:30. He is the son of J. W. Dukes, sheriff of Orangeburg County, and brother of — Dukes, coroner of the same county. His father, mother, sister, and brother were at his bedside when he breathed his last. He gave up as soon as he took sick, which, some think, hastened his death. His body was conveyed to the depot accompanied by the faculty and the corp of cadets. The following men acted as pall-bearers: W. L. Felder of Orangeburg, J. B. Ford of Yorkville, H. L. Desworth of Atlanta, C. K. Pegues of Cheraw, P. H. Gooding of Hampton, D. T. Carter of Edgefield, M. L. Siley of Paolter, W. R. Elliott of Winnsboro, Cadet Felder and Siley escorted the body home. The cadets will wear mourning for thirty days, in respect of the deceased. The cadets who are still sick at the hospital are better today.

Glad to hear that Prof. Welch and wife are both better.

It is strange to say that at the death of H. Powers last session, and J. W. Dukes today, that the president was away on duty.

One of the cadets left today on account of weak eyes, but we can't miss him.

Many thanks for the HERALD. The Calhoun Literary Society had the most interesting and enthusiastic meeting that it has held since the opening of college. The query was one in which all seemed to be interested.

Resolved, that parental training has more to do with the forming of character than education has.

Many new members spoke on the subject, and did credit to themselves. Speaker after speaker arose until the time came, and we must close, but not until many had almost been brought to tears, by hearing the words which we have all repeated at our mother's knee, "Now I lay me down to sleep." One or two cried outright, and all were struck to the heart, as we could see by their countenance.

It was a prayer meeting as well as a debate. The debate was decided in favor of the affirmative.

Our query for next Friday night week will be the dispensary system. Resolved, that the dispensary law has been a benefit to South Carolina.

Clemson College, March 16.

FLINT HILL ITEMS. FLINT HILL, S. C., March 10.—Since the beginning of March we have had real spring weather and all hands are setting down to work, it seems with the determination of regaining the losses of the past year. I think we are all decided that a good corn crop must be planted and about the usual crop of cotton. Both fall and spring oats are looking well, also wheat. Not much planted in this vicinity. E. F. F.
